## **Hooksett Library Non-Resident Card Policy**

---

Individuals who would like a Hooksett Library card but do not live, own property in, attend school in or work in Hooksett will be required to pay an annual fee as set by the Hooksett Library Board of Trustees.

This annual fee is based on the average household's property tax contribution to the Hooksett Library and is set annually by the Hooksett Library Board of Trustees at their regularly scheduled meeting following the town's annual deliberative session where the budget warrant is voted on. The current nonresident fee is \$70 annually.

Non-resident cards are issued in the primary cardholder's name only, however all family members living at the same address may be listed as borrowers on the account with the approval of the primary cardholder.

Patron accounts will renew annually on their anniversary date. Notification of the need to renew a library account is sent through the library's automation system in advance of the card's expiration date.

All revenue generated by non-resident fees shall support library programs and initiatives.
