Treasurer’s Report reviewed year end closing of the books. Nonresident card renews on July 1, 2019 at $60.00 for each card. 71 has renewed; 46 had last activity in June; 16 had last activity April to May. It is expected 35 will not renew.

Purchased new computers-As part of the fiscal year end planning for final expenditures in conjunction with identifying urgent tech needs, (a) we’ve acquired six (6) refurbished computers from TechSoup to replace the aging Lenovo line and other older refurb models in current deployment in the Adult Computer lab. The original plan was to upgrade the Lenovo (2008 models donated to the library via a Wal-Mart grant) to Windows 10, but the way that Microsoft’s Windows 10 development has been going, it’s almost a given that the Lenovo would have choked on the upgrade to Windows 10, even though they would have been eligible for the upgrade. The six (6) HP refurb models will come shipped with Windows 10, making deployment easier.

Library Director’s Report -
1. After a month’s worth of tracking the public computer usage in its currently downsized configuration, it was determined that having a wireless paging system would ease the computer reservation workflow considerably. Staff reached out to Librarica, our Cassie partner, and received a quote for a wireless paging system comprised of a charging kiosk, five (5) coaster-style pagers, and a base unit. Staff ordered the wireless paging kit and it should arrive within early July.

2. After receiving the latest bill from our Comcast Business account for high speed internet on the public network, we noticed that it had increased $30+ dollars. A staff member reached out to our Comcast account manager and was able to negotiate a reduction under a 2-year contract for a $176 (and some change) monthly bill that includes even faster internet than before, now 150/75 speed. It was discovered that, when you work with Comcast to lock in for a multi-year service agreement, you tend to get better deals with them.

Facility Issues

**Children’s room renovation** update-H. Dresser to investigate on the flooring. Tucker Interior has come to measure for the cabinets and has the layout. Colors and materials need to be selected.

**HVAC** - Paradigm to fix the roof top regarding the AC and there is an issue with a compressor.

Earl Labonte, Director of Public Works is putting together an RFP for HVAC for all town buildings, which included the library

Power flame Burner-contact will be made with the supplier regarding our outstanding issue with the boiler going out in the winter months. The director will have an update for August meeting.

**Column repair**: Miville Construction has completed the front and back entrance column and railing repair. Additionally, they repaired cracks in the top of the front portico ceiling and painted the repair areas. It looks fantastic. The director highly recommend them for any future jobs we have of this kind. Possibly painting the floor of the front portico post-summer (when they and us are less busy).

The director will contact town maintenance regarding power washing the front of the library. She will also reach out to Milville Construction regarding painting the floor of the front portico. The director to have an update for August meeting.

**Carpet cleaning**: Carpet cleaning and floor restoration has been completed. We had an odd surfacing of possibly salt in the front entrance which faded away after a day or two. The downstairs floor looks fantastic, particularly the kitchen. Dirt Away was fantastic to work with, very flexible, helpful and responsive.

**Property insurance**- piano & statue deferred until December

**Performance Appraisals**- have been completed by the director. The personnel committee will review on July 27, 2019. It was suggested that the director review the staffs focus in 6 months due to current staffing issues.

**Hours for small business for NH Retirement**- The director confirmed the minimum required number of hours for employees of political subdivisions is 35 hours per week per the NHRS.
